

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PURCHASED GAS ADJUSTMENT)	
FILING OF THE UNION LIGHT,)	CASE NO. 9029-N
HEAT AND POWER COMPANY)	

O R D E R

On October 24, 1984, the Commission issued its Order in Case No. 9029, approving certain rates and providing for adjustments of these rates on a quarterly basis in accordance with the provisions of the gas cost adjustment clause set forth therein.

On March 25, 1988, The Union Light, Heat and Power Company ("Union") filed its revised quarterly gas cost adjustment which is to become effective April 1, 1988, and is to remain in effect until June 30, 1988.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

(1) Union's notice of March 25, 1988, set out certain revisions in rates which Union proposed to place into effect, said rates being designed to pass on the wholesale decrease in gas costs from its suppliers in the amount of \$19,731 or .2 cents per Mcf.

(2) Union's notice set out a total refund adjustment of .5 cents per Mcf, which is the previous quarter's adjustment.

(3) Union's notice set out a total actual adjustment of 21.2 cents per Mcf to compensate for previous over-recovery of gas cost by the company through the operation of its gas cost recovery procedure.

(4) Union's notice set out a total balance adjustment of (.2) cents per Mcf to reconcile previous actual, refund and balance adjustments.

(5) Union's gas cost recovery rate for exempt customers in the amount of \$2.871 per Mcf is a decrease of 32.7 cents per Mcf from the previously authorized rate. This decrease represents the combined effect of the supplier decrease, actual, refund and balancing adjustments.

(6) Union's adjustment in rates set out in the Appendix to this Order is fair, just, and reasonable and in the public interest and should be effective with bills rendered on and after April 1, 1988, or as soon as practicable thereafter.

(7) In its filing of March 25, 1988, Union included producer pricing information for which it requested confidentiality. This purchased gas cost data is now routinely required of all Class A local distribution companies; some companies have always filed this information and it has never been considered proprietary. Therefore, Union's request for confidentiality should be denied.

IT IS THEREFORE ORDERED that:

(1) The rates in the Appendix to this Order be and they hereby are authorized effective with bills rendered on and after April 1, 1988, or as soon as practicable thereafter.

(2) The gas cost recovery rate for exempt customers shall be \$2.871 per Mcf.

(3) Within 30 days of the date of this Order Union shall file with this Commission its revised tariffs setting out the rates and charges authorized herein.

(4) Union's request for confidentiality be and it hereby is denied.

Done at Frankfort, Kentucky, this 29th day of March, 1988.
